

Enhancements Coming Soon for the Tennessee College & Career Planning System

Since 2003, the Tennessee College and Career Planning System, powered by Kuder[®], has been the online resource of choice for students in Tennessee to learn about themselves, explore career options, plan for education, and prepare for the world of work, while at the same time, serving as a valuable tool for educators who use the system to monitor progress, plan curriculum, and support career guidance initiatives.

Sponsored by Edsouth, this system is offered at no-cost to all schools in Tennessee and is available to help students unlock the power of their own potential and create bright futures. Together, Kuder and Edsouth are excited to announce that we're upgrading the system to feature the following new enhancements.

Fresh Design and a New Responsive Interface

Using the system on any device — PC, tablet, phone — is easier and more user-friendly!

Updated Graduation Planning Tool for Middle and High School Students

Streamlined format improves usage, completion, and approval rates.

Improved Career Assessments

In support of education and career planning, Kuder assessments are updated on a regular basis to ensure reliability and validity.

Expanded Tools and Resources

Resume builder, education planner, shareable portfolio (now called the e-Profile) and more!

Continued Free Access for Parents and Guardians

After accepting an invite to the system, parents/guardians can take an active role in their student's education and career planning journey!

No System Access Period: July 21-31! From July 21-31, you won't be able to login to or access www.planningyourdreams.org due to the transfer of system data taking place. On August 1, the updated Tennessee College & Career Planning System, powered by Kuder[®] will be live, and you will be able to login using your current username and password.
